

# ECOEMPOWER

## ECOsystems EMPOWERing at regional and local scale supporting energy communities

The coordination and support project is dedicated to supporting regional authorities in their role as facilitators of energy communities by establishing One Stop Shops (OSS).

### Description

ECOEMPOWER's core concept is to empower regional authorities as energy community facilitators by establishing a One Stop Shop (OSS). The OSS serves as a comprehensive hub, both physically and virtually, offering citizens and stakeholders a range of integrated services and digital tools. These resources encompass not only technological support but also encompass economic, financial, legal, organizational, communicational, and educational aspects.

In addition to eza!, part of the consortium are the Fondazione Bruno Kessler, Università degli Studi di Trento and Auvergne Rhône Alpes Energie Environnement. As well as five public bodies/association such as Provincia Autonoma di Trento, Association Centrales Villageoises, B.A.U.M. Consult, Energy Agency of the Zlín Region and PERIFEREIA STEREAS ELLADAS Region of Central Greece and industrial partners like UBITECH Energy.

### Services

- Summary of national frameworks for the establishment of collective and cooperative energy supply systems on local and regional level
- Policy recommendations to national, regional and local governmental and administrative institutions
- Whitebook for the improvement of local and regional frameworks and for the motivation of citizens and local businesses

<b>Funding</b>	European Climate, Infrastructure and Environment Executive Agency (CINEA) on behalf of the European Commission
